

Earth Systems 3209

Student Workbook

Name: _____

Class: _____

Year: _____

School: _____

Rationale:

This is designed as a way for all students to keep up to date with their work, and study materials. It is meant as an aid to their normal class notes, as well as a study guide.

This is a Public Exam course. As such, it is important that students stay organized, and complete work in a timely manner.

The student is expected to come to class prepared, and with a binder to place the materials, the teacher gives out, in. As such, the teacher is only responsible for ONE copy of the workbook. Other copies are the responsibility of the student, and can be found online at the teachers website.

Teacher Website (put the URL in the space below):

Good luck, and enjoy Earth Systems 3209! It is a fantastic course, with a lot of interesting content, that will put you well on your way to a bright and wonderful future in the Geology field!
